

Galileo Masters Competition Baden-Württemberg

Sabrina Vorne and Eva Beckershoff, IHK Reutlingen

Hello from Sabrina and Eva! We are the IHK Reutlingen Galileo Masters project managers, and we would like to encourage your company to participate in the competition. If you have a project or idea that uses satellite navigation like GPS & Co., you can submit it to the competition to win cash and non-cash prizes, dinner with an expert, valuable contacts in the field of satellite navigation, and other marketing and consulting services. In addition, we are here to help guide and support you throughout the application process including helping you organize your information, translate your application to English, and present your best self. See the other attached document for an explanation of the challenges, prizes, and a summary of the information you need to provide in your application.

Please contact Sabrina (abt-iu1@reutlingen.ihk.de) or Eva (beckershoff@reutlingen.ihk.de) with any questions or for assistance with your application.

Good luck!
